Encls. 10 Papers Dated 20th August 1892.

To

The Secretary to the Dewan of Mysore
Muzrai Department

Sir,

In forwarding herewith Amkal Amildar's Urzee No. 16 dated 8th Instant in the matter of the Complaint of the villagers of the Kudlur village, praying for the restoration of the Inam attached to the Seramaldé-varu Temple of their village, which has been resumed by Government, I have the honor to state that the land in question was resumed during the Inam Settlement in 1876-77, as the institution was not then maintained in a proper State of repair. I enclose an extract from the Inam Register. The Inam is now in the enjoyment of the Archik to whom it was granted in 1878-79

and he has been paying the assessment imposed thereon, viz: Rs: 1-7-3, which has since been raised to Rs: 9-8-", at the Survey Settlement last year.

2. The Temple has been repaired and poojah has been resumed. The Welik is willing to give up the land. I have read the orders on the subject. The spirit of the rules seems to me to allow of the restoration of the grant, which I therefore recommend.

I have the honor to be
Sir,

it is a grant valid Devadaya Jari.

The Temple requires repairs for which purpose, tiles and Chunam have been collected and the necessary repairs are now being done. The Shanbhogue who is also Poojary of this Institution solicits that he may be allowed 3 months time to complete the building. If the Superintendent is pleased to grant the grace, the Inam may be confirmed on present Jodi of Rs 1-2-7 or Rs 1-4-0 subject to the receipt of the report from the Amil.

x x x I inspected this temple also along with the others in this village case № 5. No repairs have as yet been made and no materials collected. The temple is in a most disgraceful state, no roof and no walls. It is inhabited by villagers besides pigs. No Poojay rendered. If the temple is not put in thorough repairs by the end of the Grace, Kindly allowed by the Superintendent, the Inam should be at once resumed. I don't think the repairs can be finished within 3 months. Any how, Amildar should personally inspect the temple

and submit his report.

1. The Assistant in such cases ought to state how long the Temple has been in such a state and how long no Poojah has been performed.

N.B. It appears to me that the Temple must have come down about 15 or 20 years ago, and even since the Poojay discontinued. There is no record to show the exact year or date when the Poojay ceased to be rendered. But it might very well be calculated from the state of the Temple that it must have fallen down about 15 or 20 years ago.

2. In consideration of the Shambhogue being the Punjari and the false statement filed by him, as also of the state of the Temple for such a long period, the order allowing a period of grace is cancelled and the Inam resumed.
